FEAR A THIRD PARTY.

Rock County Farmers Protest Against Action It Cincinnati.

THEY UPHOLD REV. D. M. GROVER.

The Emerald Grove Delegate Reports on His Action at the People's Party Convention And Is Sustained.— A Series of Resolutions Adopted.

Rev. D. M. Grover, of Bradford, was in the city to-day. He attended the late Cincinnati convention, and was the Wisconsin man who persisted in voicing a protest against the third party project. He found himself in a hopeless minority, owing to the peculiar basis of representation, but told the convention that the farmers of Wisconsin were not yet ready or willing to embark in such a political move as the convention proposed. At a meeting in Emerald Grove Saturday evening, Mr. Grover made a report of the action of the Cincinnati convention, and addressed the meeting at some length in explaining his course in opposing any political move at this time. That the gentleman was heartily endorsed is confirmed by the meeting adopting the following resolution:

Resolved, That this meeting fully indorses the position taken by their delegate at Cincinnati, and that we agree with him in the conservative view he has taken upon the question of a new party, and we thank him for the firm stand he has taken in that respect.

WANT THEM PUNISHED.

Protest Against a Disposition to Let the Philadelphia Embassies Escape.

PHILADELPHIA, June 2.—The citizens' committee of fifty has been watching the investigation into the Keystone bank affairs, and apparently the committee members are not satisfied with the efforts being made to apprehend the fugitive bank president. A meeting of the executive committee was held Monday to consider the matter, and it was determined to enlist the aid of the national government in the prosecution.

According to the following telegram was sent to President Harrison, Secretary of the Treasury Foster and Attorney General Miller:

"Since the credit of our whole national banking system is involved in the matter, we, the citizens' committee of fifty, therefore urge that the most earnest efforts should be made to discover and punish the perpetrators of the Keystone national bank defalcation, and that the federal authorities use every means in the power of the government to secure the apprehension of Gideon W. Marsh, the defaulter, and absconding president of the Keystone national bank."

TERRIBLY TORTURED.

How a Missouri Man Forced His Wife to Confess Her Misdemeanors.

SEDALIA, Mo., June 2.—George Burnham, a young railroad man, suspected his wife of infidelity. He accused her of this, but she denied it emphatically. Angered by her denial he bound and gagged her, seated her in a chair, lit one match after another, and scorched her flesh until, in an agony of pain, she signified that she would confess. She was unloosed and then told her husband the story of her unfaithfulness, naming a number of men with whom she acknowledged having been intimate. When she had finished Burnham, instead of swearing vengeance on the heads of the men, decided that his wife and he should leave town, which they did Saturday. Burnham will leave his wife with her parents in Illinois.

An Adopted Daughter of Justice-Elect Pinney, of Wisconsin, Killed in a Runaway at Madison.

MADISON, Wis., June 2.—A sad accident occurred in this city Monday evening. Four young ladies, including the daughter of Justice-elect S. U. Pinney, of this city, went out in a barouche to witness the game of baseball between Evanston and the University of Wisconsin. When the young ladies went home the horses became fractious and ran away. The girls jumped out and Miss Bessie Pinney struck the pavement in such a manner as to break her neck.

The other occupants of the rig were all daughters of Wisconsin people. Misses Lillian Prescott, of Marinette, Laura Baxter, of Lancaster, and May Evans, of Platteville, escaped entirely unharmed. Miss Bessie was the only daughter of Justice Pinney. She was about 31 years of age and an adopted child. She graduated at Lake Forest a year ago and was a bright, vivacious lady. The news of the death of his daughter affected Justice Pinney to such an extent that his health is feared for. Mrs. Caroline Pinney, the aged widow, of Samuel Klauber, died suddenly of heart disease upon hearing the news of Miss Pinney's accidental death. The lady was the mother of M. S. Klauber, a prominent merchant, and was one of the oldest residents in this city. Her residence was but a few rods from Miss Pinney's home, and she was much attached to the young lady.

JUDGES CHOSEN.

Result of the Judicial Elections Held in this County.

Dispatches from various points in the Fifth supreme district indicate the election of A. M. Craig (dem.) for supreme judge. The First judicial district elects three republicans. Returns from the Second indicate the election of the democratic candidates. The Third, Fifth, Sixth and Seventh elected three democrats each, while three republicans each were elected in the Fourth, Ninth, Tenth, Eleventh, Twelfth and Thirteenth. The Eighth district elected two democrats and one republican.

DIED FOR LOVE.

GALENA, Ill., June 2.—Two young lovers, Miss Ada Townsend and Elmer Foster, living in Rush township, this county, committed suicide Sunday night because their union was forbidden by the young lady's parents.

Foster took his lady love out riding Sunday afternoon and they returned so late in the evening that no one saw them enter the Townsend home. Monday morning Mrs. Townsend called her daughter at the usual hour. Receiving no response, she broke into Ada's room and found the two lovers dead. The body of the young man lay upon the bed, while that of the girl had fallen to the floor. They had taken poison. The girl's father is wealthy, while Foster was only a farm hand.

Illinois Miners Strike.

DUQUOIN, Ill., June 2.—The Egyptian coal mine employees have gone on strike here. The cause for the strike is a difference of opinion between the miners and operators regarding the contract. The operators agree to pay every two weeks—ten hours' work. The men claim they were to receive ten hours' pay for nine hours' work and weekly pay. No conflict is expected, but as both sides are firm an extended period of idleness may be looked for.

THE PRESBYTERIANS.

The General Assembly Denounces Card Playing as Sinful—The Temperance Question.

DETROIT, Mich., June 2.—In the Presbyterian general assembly Monday the committee on worldly amusements reported through Dr. Torrence, of Ohio. They do not say that the theater and dancing are wrong in themselves, but that their recommendation is to drive their attraction from the element of chance in them. They hope progressive euche is diminishing, civil courts having already decided it to be gambling. It recommends that deliverances of past assemblies—especially that of 1879—be reaffirmed and one against progressive euche be adopted. The report was accepted and placed on file, and after some warm discussion sent back to the committee to have the clauses recommending discipline for those amusements eliminated.

The committee on temperance reported encouraging success in view of the small offerings for its promotion. The women's temperance societies are a main factor in bringing about this result. The enforcement of laws against sales on Sunday, to habitual drunkards, minors and late at night was urged.

It was recommended, first, that the president of the United States be requested to secure as soon as may be a reversal of the senate's refusal to unite in the prohibition of the export of liquor to Africa, proposed by the congress at Brussels, and that a large and indistinct be sent to the president for this purpose.

A commissioner advocated prohibition and wanted the assembly to take the high stand that it would be proud of in a coming day. His resolution was laid on the table. A resolution against renting property for liquor selling was also tabled. Both these tabled resolutions were thought to be reversed by those of the committee, and this induced quite a number to vote for tabled.
